OLLI SUMMER LUNCH SERIES

12:30-1:30PM / ROOM 131 / Reminder: bring your lunch!

TUESDAY, JULY 14:
Atlanta Classical Musicians
Current and former chamber players and singers from the Atlanta Symphony Orchestra and the Atlanta Symphony Orchestra Chorus will perform.

THURSDAY, JULY 16:
The Story of S.I.D (Seniors In Denial)
Speaker: Brandt Ross, BA, Managing Partner at Corporate Finance Associates, Inc.
The story of S.I.D is the personal journey of OLLI member and instructor Brandt Ross and his wife in making the decision to move from their home to a senior residence. It begs the questions: Will you move when you want to, or when you have to? Will you move on your own terms, or when decisions are likely being made by someone else? Come listen to the Story of S.I.D and start your thinking process!

THURSDAY, JULY 23:
Can I Patent That?
Speaker: Renee Shaw, Research Specialist Dept. Physiology, Emory University
Procedure involved in patenting an invention in the United States.
Renee is currently an intern in the Patent group of Emory University Office of Technology Transfer.

TUESDAY, JULY 28:
Atlanta Classical Musicians
Current and former chamber players and singers from the Atlanta Symphony Orchestra and the Atlanta Symphony Orchestra Chorus will perform.

THURSDAY, JULY 30:
Emory Research Social
Researchers from Emory University, Georgia Tech, Georgia State, and the Veterans Administration will present research studies related to issues that face older adults. In addition to hearing about cutting edge research, opportunities will be available to sign up to be a study participant.

TUESDAY, AUGUST 4:
The Desegregation of Atlanta
Speaker: Lonnie King, BA, MPA
At age 24, Lonnie King -- then a student at Morehouse College -- organized and led the Atlanta Student Movement which resulted in the desegregation of Rich's Department Store and other public accommodations in downtown Atlanta. Learn about the strategies which were employed in this monumental undertaking.
Lonnie is currently pursuing a PhD in history at Georgia State University.

TUESDAY, AUGUST 11:
The Brain Heart Connection
Speaker: Dr. Ihab Hajjar, MD, MS
This lecture is an introduction to a course that will be offered in the fall that will discuss the relationship between the brain and the heart. Learn about healthy lifestyle habits to improve heart and brain health; hypertension medications—their effect and side effects; and the advantages of participating in clinical research related to the brain-heart connection.
Dr. Hajjar is a physician at Emory University with 17 years of experience in Geriatrics and General Medicine. He specializes in hypertension, brain health and healthy aging.
